HEALTH & SAFETY

Our management and staff are committed to the implementation and continuous improvement of the integrated management system governing our Health Safety, Environmental, and Quality codes of practice. These systems are living documents that are continually reviewed and improved in line with industry best practices. First and foremost, the guarantee of the health and safety of our employees and all those affected by our construction operations is an absolute prerequisite for conducting any work at any time. We have developed our systems and procedures over many years based on these ethics. As a result of this approach and investment, we won many accolades and are ranked among the top performers in the construction industry in terms of the management of Health and safety at work.

ENVIRONMENTAL

At PSC, we contribute to our environments and develop structures that may last for a long time. With this in mind, we are future-centric in terms of the design and technology we apply. We recognize the importance of utilizing the most modern and most sustainable materials within the construction process. We are proud to have built quite a several iconic projects which have broken new grounds in term of sustainable materials and innovative construction techniques. PSC continuously strives to perform sustainable best practices in construction in our mission to lessen our impact on our environment, and every new project for us is a challenge in search of a zero-carbon footprint. The area of the provision of a more and more sustainable and renewable building is constantly evolving and changing and we are operating in a very exciting and dynamic time.

You Handover the Project to our concern P.SHANTHI CHANDRAN CONSTRUCTION, We will take care of our project with proper planning and discussion. With concerned person and we timed watching the project as project engineers and with site Site Engineers and necessary storekeepers. We construct smoothly and with quality construction. Thanking you once again for spending your valuable time to know about our envision, Our Profile, and our data.
